

HARVARD
MEDICAL SCHOOL

Choose from among 80+ workshops
and master clinician forums.

This program sold out last year. To be
assured a spot in the 2015 program and
your first choice of workshops, early
registration is strongly advised.

Office Practice of

PRIMARY CARE MEDICINE 2015

March 16-20, 2015 Boston, MA

**The comprehensive Harvard Medical School update
on office-based primary care medicine**

CME for internists, family practitioners, medical specialists, NPs and PAs

New updates, guidelines and best practices for:

- Hypertension, diabetes and lipid management
- Diagnosing and treating cognitive impairment
- Physical examinations and in-office procedures
- Medical marijuana: indications and implications
- Managing chronic pain
- Using novel anticoagulants
- Genetic testing
- Management of menopause symptoms
- Assessing and treating addictions
- Care of cancer survivors
- Managing high-risk patients
- Navigating ICD-10 and meaningful use

Earn up to:

- 39.25 AMA PRA Category 1 Credits™
- 38.75 Prescribed credits by the American Academy of Family Physicians
- 39.25 ECMEC® Credits
- 35.25 Pharmacology Credits
- 11.0 Risk Management Study, including 4 Credits in Opioid Education and Pain Management Training and 2.5 Credits in End-of-Life Care Studies

Register at **PrimaryCare.HMSCME.com**

Course Overview

Office Practice of Primary Care Medicine is the renowned Harvard Medical School CME course for general internal medicine. It offers new and returning attendees the opportunity to stay current with annual advances across every major area of general medicine. Designed by and for clinicians, the curriculum focuses on state-of-the-art approaches to the clinical challenges we routinely face and the best ways to apply these approaches to your practice. Case-based lectures, Q&A forums, and hands-on workshops in this course offer you the opportunity to exchange ideas and pose your questions to many of Harvard Medical School's finest teachers and master clinicians.

Learning Objectives

Upon completion of this course, participants will be able to:

- Integrate state-of-the-art approaches to general internal medicine problems into their care of patients
- Apply up-to-date screening recommendations
- Deliver state-of-the-art care to their diabetic patients
- Diagnose and treat COPD effectively
- Determine appropriate opioid use for non-malignant disease
- Provide appropriate end-of-life care

Who Attends

- Primary care physicians: internists and family practitioners
- Medical specialists
- Nurse practitioners
- Physician assistants
- Registered nurses
- Non-medical specialists who want to update their knowledge of general internal medicine

2015 Updates and Skills Development

This year's lectures and hands-on workshops have been fully updated with a focus on the most pressing clinical updates affecting the practice of primary care medicine for 2015. Highlights are summarized below.

- New hypertension, diabetes and lipid guidelines
- Diagnosing and treating cognitive impairment
- Managing menopause symptoms
- Indications for medical marijuana
- Screening smokers for lung cancer
- Motivating obese patients to lose weight
- Testosterone replacement therapy
- Coordinating care for high-risk patients
- Using the novel anticoagulants
- What's new in hepatitis C treatment
- When to do genetic testing
- Treating adult ADHD
- Creating a patient-centered medical home
- Assessing and treating addictions
- Evaluation of dyspnea
- Treating tobacco users: new strategies
- Care of the cancer survivor
- Challenging cases of abdominal pain
- Physical examination of the shoulder, hip, knee, foot, ankle, and back
- Interpreting ECGs and chest x-rays
- Office procedures, including joint injections, dermatology and minor surgery procedures
- Cancer screening updates: breast, cervical, colon, lung and prostate
- Achieving appropriate and effective pain management, including opioids for chronic pain
- Conducting discussions about end-of-life care
- Cognitive behavioral therapy and motivational interviewing
- Case-based workshops on common office-based problems
- Complementary and integrative medicine

Customize your learning experience. Choose from among 87 hands-on workshops and master clinician sessions to advance your examination and office procedure skills and improve your medical knowledge.

Practice management

- Achieving expertise in ICD-10
- Effecting meaningful use of electronic medical records to increase the efficiency and safety of medical ambulatory practice
- Enhancing your practice management: special sessions on the medical home and care coordination for high-risk patients

COURSE DIRECTORS

David W. Bates, MD, MSc

Chief Quality Officer and Senior Vice President, Brigham and Women's Hospital. Division Chief of General Internal Medicine, Brigham and Women's Hospital. Medical Director of Clinical and Quality Analysis, Partners Healthcare. Professor of Medicine at Harvard Medical School, and Professor of Health Policy and Management at the Harvard School of Public Health, where he co-directs the Program in Clinical Effectiveness. Program leader for research in the World Health Organization's Global Alliance for Patient Safety.

Jane S. Sillman, MD

Assistant Professor of Medicine at Harvard Medical School. Director Emerita of Medical Residency Ambulatory Education at Brigham and Women's Hospital.

Assistant Course Director:
Nancy B. Kurtz, MD

ACCREDITATION

Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Harvard Medical School designates this live activity for a maximum of *39.25 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

This activity meets the criteria of Massachusetts Board of Registration in Medicine for 11.0 hours of Risk Management Study. This includes 4 Credits of Opioid Education and Pain Management training and 2.5 Credits of End-of-Life Care Studies. Please check your individual state licensing board requirements before claiming these credits.

The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

AMA PRA Category 1 Credits™ claimed by physicians attending live events certified and organized in the United States for *AMA PRA Category 1 Credits™* can be claimed through the agreement on mutual recognition of credits between UEMS and AMA, considered as being equal to the European Continuous Medical Education Credits (ECMEC©) granted by the UEMS. One *AMA PRA Category 1 Credit™* is equivalent to one (1) hour of European EACCME Credit (ECMEC©), therefore up to 39.25 ECMEC© Credits are available. Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

This live activity, Office Practice of Primary Care Medicine, with a beginning date of 03/16/2015, has been reviewed and is acceptable for up to 38.75 Prescribed credits by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE POLICY

Harvard Medical School (HMS) adheres to all ACCME Essential Areas, Standards, and Policies. It is HMS’s policy that those who have influenced the content of a CME activity (e.g., planners, faculty, reviewers, and others) disclose all relevant financial relationships with commercial entities so that HMS may identify and resolve any conflicts of interest prior to the activity. These disclosures will be provided in the activity materials along with disclosure of any commercial support received for the activity. Additionally, faculty members have been instructed to disclose any limitations of data and unlabeled or investigational uses of products during their presentations.
